During the online NCAA registration process, the student/parent will print two (2) 'Transcript Release' forms. Both forms must be signed and brought to our CCCS Records Clerk in the office, who will send an official copy of the student's transcript to NCAA with the student's initial 'Transcript Release' form and a final transcript after Graduation (May/June) with the student's second 'Transcript Release' form.

Students may bring these two NCAA forms (signed) to the
Office Records Clerk after the third week of school.

Forms will then be completed and sent directly to NCAA from Crescent City Christian.
