
CRESCENT CITY CHRISTIAN SCHOOL VERY INVOLVED PARENTS CLUB

What is the VIP Club?

The V(ery) I(nvolved) P(arents) Club is comprised of parents, step-parents and guardians of students at Crescent City Christian School *just like you* who want to create the best spiritual, academic, social and physical environment for their children.

The mission statement of the organization is as follows:

The purposes of this group are to promote the spiritual, intellectual, physical and social welfare of the children and youth who attend Crescent City Christian School; to bring into closer relationship the home and school environments; and to provide an arena for cooperation between parents, teachers, and friends of Crescent City Christian School to promote the development of each child and the effective use of resources.

God has provided each of us with resources. Each of us has been blessed with time, talents and/or treasures that we can invest in our children and our school.

- Time:** If you have some time to donate, we have lots of areas where you can help out at school (special events, sports, resource room, etc.)
- Talents:** We are always looking for creative and/or talented people to help out with projects at school. (The more we can do without hiring outside help, the longer tuition can remain affordable.)
- Treasures:** Some of us have been blessed financially and we are asking those that can afford to do so, to make a tax deductible contribution to the Crescent City Christian School Financial Aid Scholarship Fund. Simply make your check out to CCCS and note Scholarship Fund in the memo line.

Join us as we invest our God-given resources in our children and our school. We know you will be blessed.

In service with you,

The VIP Executive Board
